

New for Fall 2017

One—Time Registration for the School Year

- **Register your child for a class in August, and they will remain in that class until they have mastered the skills and are ready to move up to the next class.**
- **Evaluations will be completed and handed out every 10-12 weeks. If your child masters all the skills in their level before evaluation time, the coach will notify you and help you find a class at the next level.**
- **Make up classes will be limited to one per month with exceptions for special circumstances. (Please contact front desk with questions.)**

Monthly billing

- **We have an auto-withdrawal system in place for making monthly tuition payments. A credit card on file is required for enrollment, however tuition can be paid using cash, check, credit or check card.**
- **Tuition is invoiced monthly and due the 1st day of every month. A Late fee of \$15.00 will be assessed if payment is not received by the 8th day of the month.**
- **30 day advance written notice is required to terminate enrollment. Payment of full tuition through that period is required.**
